

Alantron Anti-Spam Policy

According to ICANN policies spamming through domain names are prohibited. Alantron in no base allows the domains purchased through Alantron.com to be used for generating spam emails. Please refer to Alantron.com [registration contract](#) for further information on this issue.

Alantron reserves rights to abandon/cancel domains that are determined to enter into generating massive spam email action. This policy applied to all Alantron.com originating registrations. In case a spam action is determined the respective domain will be abandoned from internet and no refund will be done.

Internet users are welcome to report such violations to Alantron.com. Please visit <http://www.alantron.com/eng/info/html/antispam.do> to report spam.

Please note that Alantron manages only the domain names registered through Alantron.com. Prior to submission please refer to our [whois](#) database to determine the registrar of record of the domain.
